001-VLV 107-G-01 LP	Velvet LAB Cut		N.P.	COVER COLORATE/ COLOURED COVER	STAFFA A 90°/BRACKET 90°

LOOK DOWN ZONE
Il VELVET CUT LDZ grazie all'inclinazione della microonda consente di avere una copertura che arriva fin sotto l'area di installazione, permette di rilevare qualsiasi tentativo di mascheramento.

The inclination of the microwave present in the VELVET CUT LDZ allows to detect any masking attempt.

ANTIMASCHERAMENTO DI INFRAROSSO E MICRONDA
INFRARED ANTIMASK AND MICROWAVE ANTIMASK
É presente nei rilevatori un doppio sistema di ANTIMASCHERAMENTO: uno a LED ATTIVI a protezione della lente di infrarosso, e l'altro di MICROONDA a protezione dell'intero rilevatore da corpi densi.

There is a double ANTIMASKING system in the detectors: one with ACTIVE LEDs to protect the infrared lens, and the other with MICROWAVE to protect the entire detector from dense bodies.

GRADO IP 54
Rilevatore impermeabile grazie al sistema «doppiofondo» e alla presenza di guarnizioni nei profili di chiusura.

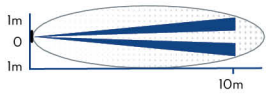

Waterproof detector thanks to the «double bottom» system and the presence of gaskets in the closing profiles.

COVER COLORATE/COLORED COVER
Disponibile in diversi colori.
Available in different colors.
